The Event

Each year, the PACS Awards Dinner is the only fundraising event hosted by Portland Adventist Community Services (PACS). The purpose of this event is to honor the leadership and service of the PACS staff, volunteers and community partners. As a community we celebrate our achievements and we invest in the future. The dinner is preceded by a silent auction.

Through this event, we will focus on building a *community of service*. We invite you to join our community by becoming an event sponsor and partner. Together with the nearly 400 event attendees, we will broaden this *community of service*. We have built our sponsorship opportunities around five levels with each reflecting your level of engagement whether it is personal, corporate, or as a church institution.

Why Your Sponsorship Matters

Since 1934, Portland Adventist Community Services has provided support to help empower low-income individuals and families find a little more financial resiliency, greater food security, and improved health and wellness. We serve the Gateway area of Portland that is rich in cultural diversity and home to a mix of working class and impoverished neighborhoods.

The next decade will require us to build our Community of Service by expanding our programs, deepening our community partnerships, and creating a compelling vision and action plan for expanding the impact of PACS. Your engagement and sponsorship of this growth is vital to our success.
